Attest: Patricia Webb, Clerk

**In the Matter of**  
**Berger Health Systems**  
**Board of Governor’s Update:**

Dr. Charles Hedges, MD and Board of Commissioners’ appointed member to the Berger Health System (BHS) Board of Governors, met with the Commissioners to provide a quarterly report. Mike Smith of *Clear Channel Radio*, Chillicothe, Ohio, was also in attendance.

Dr. Hedges began by stating that approximately ten years ago, as the line of business expanded, the decision was made to change the corporate registered name for Berger Hospital to Berger Health System to more realistically reflect its services and continues to be in excellent financial condition. He informed the Commissioners that historically inpatient services have proven to be the most profitable part of the business and accordingly, due to excellent forward thinking on the part of hospital leadership over the past ten to fifteen years, changes were anticipated and adjustments were made to the long-term business plans. Currently, admissions and inpatient days are declining, however, the patients that are in the hospital require much more complex medical care and the technology is increasing on a daily basis.

Topics reviewed, but not limited to, included:

- **Pickaway Health Services (PHS):** Is a captive physicians practice established in the late 1990’s, which has a separate Board, employs physicians associated with BHS and continues to maintain its status quo in spite of absences due to various reasons such as pregnancy leave, military deployment, and the realignment of some physicians.
- **BHS Hospice:** A new Executive Director was obtained in the past year that has brought about a positive change in the line of business.

**MONDAY, JANUARY 7, 2008**  
**OFFICE OF THE BOARD COMMISSIONERS**  
**PICKAWAY COUNTY, OHIO**

- **Laundry Services:** A joint venture between BHS and Logan Hospital was implemented where shared services are provided to BHS, Logan Hospital, Pike County Hospital, Wilmington Hospital, as well as several private physician offices.
- **Pickaway Professional Physicians:** An organization established to manage anesthesia at BHS. The organization was established approximately eight years ago and also has its own Board.
- **Berger Health Foundation:** A new Executive Director provides leadership to BHS, which bears constraints per the Ohio Revised Code that offers a means to effectively compete with non-governmental health providers in the surrounding area.
- **BHS Southern Point Outpatient Center:** The center was opened this past year in the northern region of Pickaway County that provides much needed services to the area. The Berger Health Foundation owns the land where the facility is located. A private development company built the facility and rents half of it BHS as an outpatient center that offers diagnostic services and physical therapy. PHS services also rents physician's offices that are housed in the facility.
- **2008 Goals:** Goals include, but are not limited to, the continuance in providing high-quality health care to the citizens of the community; the continuance of developing a high-quality Information Technology (IT) system, of which BHS has been a leader in the central Ohio area; the development of a plan for the recruitment and retention of high-quality physicians for both PHS and those interested in private practice; the development of the 149 acre BHS north site located on St. Rt. 23; due diligence in reference to obtaining an additional 170 acre tract immediately to the north of the acreage already owned by BHS on St. Rt. 23, which is in dire need of additional road access. It is anticipated that in ten to fifteen years a new facility will exist on the property.
- **Realignment of Leadership Positions:** As of January 1, 2008, BHS's former Chief Fiscal Officer (CFO) has become the Chief Executive Officer (CEO) which oversees its day-to-day operations. The change in leadership will allow the previous CEO to administer the entire health system's long-term strategic plans and all outside functions.
- **Economic Impact:** The cumulative impact of BHS for 2006, one of the largest employers in Pickaway County, totaled 1,237 jobs and \$39.9 million in payroll.

Dr. Hedges then provided a detailed financial presentation as of November 30, 2007. The presentation included a revenue and expenditure statement, balance sheet, and various 24-month trends related to the number of admissions; surgeries performed; outpatient registrations and surgeries; cardiac cauterizations; and various other medical services trends. Charts reflecting accounts receivables average payment periods; days cash-on-hand and investments; debt service coverage; operating margins; contractual ratios; charity care percentages; bad debt ratios; accumulated depreciations; and non-operating revenues from 2002, to November 2007, were also distributed and reviewed.

At the conclusion of the overview, the Commissioners thanked Dr. Hedges for the excellent, highly informative presentation. The next presentation will be provided in April by a different Pickaway County Board of Commissioners' appointee to the Berger Health Systems Board of Governors.

**In the Matter of**  
**Meeting with City of Circleville**  
**Mayor Chuck Taylor:**

The newly elected City of Circleville Mayor, Chuck Taylor, met with the Commissioners for a familiarization session and to provide an overview of his initial thoughts and goals for the city. Terry Frazier, Director of the Pickaway County Development and Planning Office, and Mike Smith of *Clear Channel Radio*, Chillicothe, Ohio, were also in attendance.

Commissioner Reeser began the meeting by stating the importance of Pickaway County and the City of Circleville partnering when ever possible for the benefit of the community. Mayor Taylor very much agreed, bringing forth the importance of the eliminating the duplication of services (utilities; fire protection, safety services, etc.) where ever possible. He stated that the city is currently working through some financial problems, which is high on his priority list in addressing. He further stated that the city has been blessed in providing utility services outside the "imaginary boundaries".

Mayor Taylor stated that in 1973, the city conducted a 50-year study within a three mile radius of its corporation limits and its waste water treatment plant (WWTP) was built accordingly. The facility is currently operating at an approximate 25% capacity and is in a good position to service additional residents, commercial, and industrial consumers. When the topic of the hooking some the County's five waste water treatment plants (i.e. Circle Hills Subdivision; Wintergreen Subdivision) to the City of Circleville's facility,

**MONDAY, JANUARY 7, 2008**  
**OFFICE OF THE BOARD COMMISSIONERS**  
**PICKAWAY COUNTY, OHIO**

Mayor Taylor stated that the city explored that initiative several years ago, however; the County's WWTP's were in "too bad of shape" at the time. When Commissioner Reeser replied by stating that while additional work can always be done, improvements has been made to the facilities over the past several years. Mayor Taylor responded by stating that the city possesses the capability and certification to provide the necessary lab work for the County's WWTP's that is currently being provided by *Kinder Environmental Services* (KES), which is based in Newark, Ohio. He stated that not only could it be more cost effective, there would also be more local involvement to the needs of the community. In researching the County's current contract with KES, it was found that it will be up for renewal in September 2010.

Mayor Taylor then turned to city's current issue related to its poor quality of potable water levels. He stated that he has already begun working on the resolving the matter and feels that with some of the recent temporary modifications that were made, high iron levels have already been reduced, however; further exploration of the issue is obviously necessary for a permanent solution.

Other topics discussed, but not limited to, were:

- **Local Economy:** The City of Circleville is in dire need of additional jobs whether it is retail or industrial. Unfortunately, even if inaccurately, the community has had the reputation as not being "business friendly," however; it is felt that reputation is beginning to be dispelled.
- **The Former Wal-Mart Site:** Mayor Taylor voiced his concerns regarding the vacant former Wal-Mart site on the west side of St. Rt. 23, stating that he would like to discuss the matter with the Commissioners in the near future.
- **Proposed Connector in front of South Court Street Elementary School:** Discussing the former Wal-Mart site led to the question from the Commissioners regarding Mr. Taylor's thoughts of the City of Circleville/Circleville Township Comprehensive Thorough Fare Plan that reflects a proposed connector in front of the South Court Street Elementary School which would extend to the traffic light at Taco Bell. He responded by stating that he has concerns with the connector "dumping traffic" directly in front of the elementary school and feels there are other options to explore. He added that working with the Ohio Department of Transportation regarding the matter is vital.
- **City Swimming Pool:** In order to have recreation for the community's youth during the summer months, Mayor Taylor stated that he would like to keep the swimming pool open, which is in need of significant repair. His current hopes are to "band-aid" the pool and attempt to have it available to the community this summer.
- **South Court Street Fire Station:** The exploration of reopening the City's South Court Street Fire Station is high on Mayor Taylor's priority list.
- **New County Office Building:** The County is in the process of moving forward with the initiative for the construction of a new County office building, which is required to be located within the corporation limits of the City of Circleville. The facility will be occupied by non-court related County departments currently housed in the Courthouse.
- **Law Enforcement/Safety Services:** Dialogue took place in reference to expanding interaction between the County's and City's Law Enforcement/Safety Forces. A meeting between the Pickaway County Sheriff and the City of Circleville Police Chief is planned to further discuss the topic. The elimination of any duplication of such services will also be explored.
- **Building Department:** Various townships throughout the county contract with the Circleville Building Department to supply necessary related services. The County would like to see those services ultimately expand to a countywide status. Mayor Taylor stated his plans are to look more closely at the dealings of the Building Department within the next few weeks and that he will be happy work with the Commissioners regarding the subject. Also requested was Mayor Taylor's future consideration of allowing the Circleville/Pickaway Building Department to waive the related building and permit fees for the construction of the new Pickaway County Dog Shelter which will begin construction this Spring. Mayor Taylor stated that he will seriously consider the request.

At the conclusion of the meeting, the Commissioners thanked Mayor Taylor for his time and stated that they look forward to working with him and offered their assistance in any way for the benefit of both the County and City.

**In the Matter of**  
**Resolution Adopted for**  
**Annual County Highway System Certification for CY 2007:**

**MONDAY, JANUARY 7, 2008**  
**OFFICE OF THE BOARD COMMISSIONERS**  
**PICKAWAY COUNTY, OHIO**

Robert E. Parker, Pickaway County Engineer, presented the Annual Highway System Mileage Certification for year 2007, for the Commissioners' signatures.

Mr. Wippel offered the motion, seconded by Mrs. Metzler to adopt the following Resolution:

**Resolution No. PC-010708-1**

WHEREAS, in accordance with the provisions specified in Section 4501.04 of the Ohio Revised Code, an annual County Highway System Mileage Certification must be submitted to the Ohio Department of Transportation for the total length of County maintained public roads, then

THEREFORE BE IT RESOLVED that as of December 31, 2007, the Pickaway County Board of Commissioners hereby certifies **226.97 miles** of public county roads for which **Pickaway County** was responsible for maintaining in **CY 2007**.

Voting on the motion was as follows: Mr. Reeser, yes; Mr. Wippel, yes; Mrs. Metzler, yes. Voting No: None. Motion carried.

Attest: Patricia Webb, Clerk

**In the Matter of**  
**Resolution Adopted for County Engineer to**  
**Proceed by Force Account for Year 2008:**

Mr. Wippel offered the motion, seconded by Mrs. Metzler to adopt the following Resolution:

**Resolution No. PC-010708-2**

BE IT RESOLVED, that the Pickaway County Board of Commissioners authorizes **Robert E. Parker, Pickaway County Engineer**, to proceed by **Force Account for the year 2008**, for the normal construction, reconstruction, improvement, maintenance, or repair of roads, bridges, and culverts **when not required to use competitive bidding by Ohio Revised Code §5543.19 or other law**.

Voting on the motion was as follows: Mr. Reeser, yes; Mr. Wippel, yes; Mrs. Metzler, yes. Voting No: None. Motion carried.

Attest: Patricia Webb, Clerk

**In the Matter of**  
**Road Load Reductions Enacted:**

At the request of Robert E. Parker, County Engineer, Mr. Wippel offered the motion, seconded Mrs. Metzler to adopt the following Resolution:

**Resolution No. PC-010708-3**

BE IT RESOLVED that pursuant to Ohio Revised Code Section 5577.07, the Pickaway County Engineer requested the Board of County Commissioners to enact a 50% load reduction on the following roads due to excessive moisture and unstable roadbeds:

- **Five Points Pike (CR 21) from Yankeetown Pike (CR 17) to State Route 56**
- **Crownover Mill (CR 125) from Crownover Road ( 117) to Yankeetown Pike (CR 17)**
- **Canal Road (CR 100) from the Melvin Stone entrance to State Route 104**

BE IT FURTHER RESOLVED that the reduction is effective immediately, expiring on May 1, 2008.

Voting on the motion was as follows: Mr. Reeser, yes; Mr. Wippel, yes; Mrs. Metzler, yes. Voting No: None. Motion carried.

**Meeting Regarding  
Sewer Services Feasibility Study  
For Village of Derby:**

Robert E. Parker, Pickaway County Sanitary Engineer, and Chris Mullins, Deputy Engineer, met with the Commissioners to review the proposal from engineering firm *M•E Companies, Inc.*, 635 Brookside Blvd., Westerville, Ohio 43081, in reference a sewer feasibility study for the unincorporated area of Derby located in Darby Township.

The County received findings and orders from the Ohio Environmental Protection Agency (OEPA) in reference to solid waste being found in Big Darby Creek that flows through the area. The firm will analyze alternatives for wastewater treatment that will include centralized treatment plants, decentralized cluster systems, and utilizing the County's existing wastewater treatment plants.

Following a brief question and answer session regarding the various alternatives, Mr. Wippel offered the motion, seconded by Mrs. Metzler to adopt the following Resolution:

**Resolution No. PC-010708-4**

WHEREAS, Pickaway County received findings and orders from the Ohio Environmental Protection Agency (OEPA) related to solid waste being deposited into the Big Darby Creek in the area of the unincorporated community of Derby, and

WHEREAS, it has been determined that the construction of a regionalized sanitary sewer system would present a hardship case for the affected low number of low-to-moderate income level residents in the area, and

WHEREAS, it has been determined that a Sanitary Sewer Feasibility Study is required to ascertain the most cost-effective options available to address the issue, then

THEREFORE BE IT RESOLVED that the Pickaway County Board of Commissioners hereby approves the proposal from *M•E Companies, Inc.*, 635 Brookside Blvd., Westerville, Ohio 43081 in the amount of **\$5,000 for Professional Engineering Services for a Derby Area Sanitary Sewer Feasibility Study.**

Voting on the motion was as follows: Mr. Reeser, yes; Mr. Wippel, yes; Mrs. Metzler, yes. Voting No: None. Motion carried.

Attest: Patricia Webb, Clerk

**In the Matter of  
Meeting with County Auditor  
Regarding Year-end Revenue & Expenditure Reports:**

Melissa Betz, County Auditor, met with the Commissioners and distributed spreadsheets reflecting 2007, year-end General Fund and Non-General Fund revenue and expenditure reports for review.

**In the Matter of  
Permit Approved for Circleville Oil Company to  
Travel Roads with Load Restrictions:**

Per the written request of Dale Bower, Safety Director for the *Circleville Oil Company*, Mr. Wippel offered the motion, seconded by Mrs. Metzler to adopt the following Resolution:

**Resolution No. PC-010708-5**

WHEREAS, due to freezing and thawing conditions road load reductions/restrictions have been placed on various roads throughout the County, and

**MONDAY, JANUARY 7, 2008**  
**OFFICE OF THE BOARD COMMISSIONERS**  
**PICKAWAY COUNTY, OHIO**

WHEREAS, it is necessary for the *Circleville Oil Company* to deliver home heating and other petroleum products throughout Pickaway County, then

THEREFORE BE IT RESOLVED, that the Pickaway County Board of Commissioners hereby grants the *Circleville Oil Company* a permit to travel roads in Pickaway County with temporary load reductions/restrictions during thawing and freezing conditions in order to deliver heating fuel and other necessary supplies for the well-being of residents of the County, and

BE IT FURTHER RESOLVED that the permit must be posted in *Circleville Oil Company's* operator's vehicles and must produced to law enforcement and/or government agencies upon request.

Voting on the motion was as follows: Mrs. Metzler, yes; Mr. Reeser, yes; Mr. Stevenson, yes. Voting No: None. Motion carried.

Attest: Patricia Webb, Clerk
